

Workshop Session I

May 6, 10:00AM-11:15AM

Evaluation 101

Don't have money for evaluation? Come to this session to learn about easy and affordable ways to design your surveys and generate reports that your funders like to see. Dr. Jamie Wu will share with you a few tips and cheap to low cost resources to help you with the evaluation. No experience needed!

Core Competencies: Professional Development & Leadership

Presenter: Dr. Jamie Wu, Research Academic Specialist, Michigan State University
Room: Great Lakes IV

Quality Assurance in Afterschool

Inform the target audience of how Quality Assurance can effectively be made use of in education by building upon the Wayne State University C2 Pipeline model by discussing the importance of a planned vision and program model, quality framework models, and importance of local and state evaluators.

Core competencies: Learning Environment & Curriculum and Youth Growth & Development

Presenter: Sonja Beasley-Hall, C2 Pipeline, Wayne State University, 21st CCLC
Room: Teen Room – Kalamazoo Downtown Public Library

Every Monday Matters: Curriculum for Lasting Change

Exploring Every Monday Matters curriculum, a flexible and hands-on social and emotional learning program created to help students understand how much and why they matter.

Core Competencies: Youth Growth & Engagement, Learning Environment & Curriculum

Presenter: Matthew Emerzian, CEO, Every Mondays Matters
Room: Glens III

Instill the Joy of Reading All Summer Long: Turn the Summer into the Summer Leap

Explore ways we can instill the joy of reading all summer long by participating in discussions, preliminary summer planning, and instructional practice to determine how to support the child in school, at home, and in the community.

Core Competencies: Youth Growth & Development, Strength Based Model for Instructional Design

Presenter: Charlyn Henderson, Professional Learning Specialist, Scholastic Education
Room: Glens I

How Hip-Hop Helps | The Glad Dad

This training session will assist with bridging the gap between teachers and their African American and Hispanic students and will offer new concepts on how to increase achievement levels in language and literacy, reduce truancy, connect with students, and increase their graduation rate.

Core Competencies: Cultural Competency & Responsiveness and Youth Engagement

Presenter: Dion Chavis, Founder/Owner, The Glad Dad, LLC
Room: Prairies IV

Global and Cultural Education

Participants will think more deeply about their own culture and values which form who they are. We hope to open minds to the possibilities of the future and encourage friendships with others different from oneself. We will share lesson plans and ideas for resources.

Core Competencies: Cultural Competency & Responsiveness and Learning Environment

Presenters: D'Ann Rohrer & Jennifer Pippin, Michigan State University, 4-H Extension Program

Room: Glens II

Strengthening Our Relationships: Tips from Research

Explore how turning toward fondness, soft start-ups, and other research-based tips can enable us to connect and work productively with partners, family members, youth, and colleagues.

Core Competencies: Interactions with Youth and Professional Development

Presenters: Dr. Jou-Jou Chen, Assistant Professor, Western Michigan University & Karen Blaisure & Kimberly Doudna, Western Michigan University

Room: Prairies VI

How to Work With Undocumented Youth In Your Program

We will show you how to work and be successful working with undocumented youth to support student academic and social success, and to work collaboratively with students and their families.

Core competencies: Learning Environment & Curriculum and Youth Growth & Development

Presenter: Adrian Vasquez, El Concillio, Kalamazoo & Rebeca Ontiveros-Chavaz, Staff Lawyer, Michigan Immigrant Rights Center.

Room: Prairies V

What If? Now What?

What if we grow our program? That worked, now what? Walk through five best practices for scaling your program that worked for one organization who tripled locations and attendance from one year to the next. For fun, let's explore 5 worse practices experienced by the same organization. Join the Executive Director of a grass-roots to non-profit as she shares successes and challenges of building-the-bridge as you cross it.

Core Competencies: Youth Development, Learning Environment

Presenter: Beverlee Wenzel, The Rock Room: Van Deusen Room – Kalamazoo Downtown Public Library

Workshop Session II

May 6, 11:30AM-12:45PM

Step Up For School Wellness

Learn about the Building Healthy Communities: Step Up For School Initiative in Michigan's Schools

Core Competencies: Health & Wellness, Youth Growth/Development

Presenter: Deborah Grischke, Health and Wellness Coach, Michigan BHC:SUFSW

Room: Great Lakes IV

Safe Havens: Integrating Trauma Informed-Care

Join us as we learn ways to engage young people by creating safe and supportive environments with the goal of helping youth thrive in the face of adversity.

Core Competencies: Safety & Wellness and Youth Growth/Development

Presenter: Kirk Lewis, Director of Youth Programs, Portage Community Center

Room: Teen Room – Kalamazoo Downtown Public Library

5 Proven Strategies to Securing Grants & Scholarships for Schools/Out-of-School Programs

Learn how to prepare winning grant proposals and applications, write and clearly articulate your needs statement and program model in proposal form, locate public and private grant funding sources, and craft a sound budget that can be used to secure funding.

Core Competencies: Professional Development & Program Planning and Development

Presenter: Patrick J. Patterson, Global Partners

Room: Prairies IV

Impacts of Bullying and Harassment on Social Emotional Learning

Join 16-year-old Bella Guerrazzi, a sophomore from Michigan as she discusses her experience with bullying and harassment. She will explain how that experience impacted her as a student and focus on self-awareness, social awareness, relationship skills, and responsible decision making.

Core Competencies: Safety & Wellness and Family, School, and Community Partnerships

Presenters: Bella Guerrazzi, High School Student & Kimberly Guerrazzi, Trainer

Room: Glens I

Introduction to A Three-Tier Approach to Social Emotional Learning

This interactive workshop will share information on our four-year SEL journey with lessons learned, introduce social emotional learning to participants, provide an overview of the eight domains, and review strategies-based on DESSA data.

Core Competencies: Interactions with Youth and Youth Growth/Development

Presenter: Lonna Hardin, KYDNET

Room: Prairies VI

The Quest to Teach Chess; Even If You Don't Know How to Play

Learn step-by-step process to introduce the game slowly to students as you learn to play right along with them. Plus, learn more free resources available to you.

Core Competencies: Youth Growth & Engagement, Professional Development

Presenters: Jeff Jantz & Peter Durham, Wayne State University, C2 Pipeline, 21st CCLC

Room: Prairies V

Partners, Collabs, and YOU

Teach the best practices for reaching out to partners who will help engage youth in ways that expand your capacity without expanding your budget.

Core Competencies: Family, School, and Community Partnerships

Presenters: Mallory DePrekel, Executive Director, Community in Schools & Meg McElhone, Community in Schools

Room: Van Deusen Room -Kalamazoo Downtown Public Library

How Hip-Hop Helps | The Glad Dad

This training session will assist with bridging the gap between teachers and their African American and Hispanic students and will offer new concepts on how to increase achievement levels in language and literacy, reduce truancy, connect with students, and increase their graduation rate.

Core Competencies: Cultural Competency & Responsiveness and Youth Engagement

Presenter: Dion Chavis, Founder/Owner, The Glad Dad, LLC

Room: Glens III

Teaching Science When You Don't Know

Diddly-Squat

A series of simple hands-on science lessons that anyone can do, even without a science background and with simple materials that you already have. They are focused on the Next Generation Science & Engineering Practices.

Core Competencies: Learning Development and Program Planning

Presenter: Edith Boswell, Psychologist, State of Michigan
Room: Prairies VI

Enhancing SEL Through Physical Activity

Experience first-hand how simple and easy it is to integrate the five key components of SEL and physical activity through the Skillastics technique.

Core Competencies: Health & Wellness, Youth Growth & Development, Engagement

Presenter: Sherry Bell, Skillastics
Room: Glens III

Partners for Literacy: Collaborating with Your Public Library

Share ideas from Kalamazoo's out-of-school time partnerships to get you thinking about how your public library can fit into your program goals. Will include dos and don'ts and literacy resources.

[Core Competencies: Program Planning & Development and Family, School Planning](#)

Presenters: Andrea Vernola & Jill Lansky, Kalamazoo Public Library

Room: Teen Room – Kalamazoo Downtown Public Library

LGBTQ+ Youth and Trauma

Focus on practical tools and strategies to help build protective factors and to create spaces that celebrate LGBTQ+ young people and allow them to thrive.

[Core Competencies: Safety & Wellness, Cultural Competency & Responsiveness](#)

Presenter: Kirk Lewis, Director of Youth Programs, Portage Community Center

Room: Van Deusen- Kalamazoo Downtown Public Library

Museum Partners for Learning and Fun

Fun and learning happen every day at Kalamazoo Valley Museum. Learn how you can partner with museums like Kalamazoo Valley Museum to make the most of your visit, access resources beyond the museum walls and find out about upcoming summer programs.

[Core Competencies: Family, School, and Community Partnerships](#)

Presenter: Lexie Kobb, Kalamazoo Valley Museum

Room: Kalamazoo Valley Museum

Best Practices in Designing High Performance Afterschool STEM Programs

Help learn how to develop a robust after school STEM program that drives up student performance in the classroom and provides them with the necessary skills to progress into STEM related jobs and compete for STEM scholarships.

[Core Competencies: Youth Growth & Development and Learning Environment & Curriculum](#)

Presenter: Keith Young, Ecotek Labs (STEM), Detroit, MI

Room: Prairies IV

Workshop Session IV

3:00PM-4:15PM

Panel Workshop

This workshop will inform you on information from earning credentials through the MISAYD process, credits to be used toward state licensing requirements as well as online learning for OST and how to earn your accredited CDA online.

Core Competencies: MISAYD, Online classes, MI Registry Information, CypherWorx, Early Childhood Investment
Presenter: Lorraine Thorenson, MDE Coordinator, 21 CCLC & Becky Curtain, Genesee ISD, Steve Stookey, VP Cypherworx , Sharon Rieble, Childcare Licensing
Room: Glens I

Empowering Young Entrepreneurs

Through hands-on activities we share best practices and ways to spark the entrepreneurial pipeline in your community. Explore ways to engage youth, allowing them to dream big and place value on a community where they could live, work, and play one day.

Core Competencies: Community & Economic Development and Interactions with Youth

Presenters: Kathy Jamieson, & Frank Cox, Extension Educators, Children and Youth Institute Michigan State University
Room: Teen Room – Downtown Kalamazoo Public Library

Every Monday Matters: Curriculum for Lasting Change

Exploring Every Monday Matters curriculum, a flexible and hands-on social and emotional learning program created to help students understand how much and why they matter.

Core Competencies: Youth Growth & Engagement, Learning Environment & Curriculum

Presenter: Matthew Emerzian, CEO, Every Mondays Matters
Room: Glens III

5 Proven Strategies to Securing Grants & Scholarships for Schools/Out-of-School Programs

Learn how to prepare winning grant proposals and applications, write and clearly articulate your needs statement and program model in proposal form, locate public and private grant funding sources, and craft a sound budget that can be used to secure funding.

Core Competencies: Professional Development & Program Planning and Development

Presenter: Patrick J. Patterson, Global Partners
Room: Glens II

Global Connections – Visual Letters

Introduce participants to global connections through children's artwork of "visual letters". Participants will learn a communication activity, be introduced to the Michigan 4-H Children's Art Exchange with China, try making their own visual letters and leave with ideas on how to start their own possible art exchanges.

[Core Competencies: Cultural Competency & Responsiveness](#)

Presenter: Janis Brinn, Michigan State University Extension, 4-H Youth Development

Room: Van Deusen Room – Kalamazoo Downtown Public Library

How to Work With Undocumented Youth In Your Program

We will show you how to work and be successful working with undocumented youth to support student academic and social success, and to work collaboratively with students and their families.

[Core competencies: Learning Environment & Curriculum and Youth Growth & Development](#)

Presenter: Adrian Vasquez, El Concillio, Kalamazoo & Rebeca Ontiveros-Chavaz, Staff Lawyer, Michigan Immigrant Rights Center.

Room: Prairies IV

Instill the Joy of Reading All Summer Long: Turn the Summer into the Summer Leap

Explore ways we can instill the joy of reading all summer long by participating in discussions, preliminary summer planning, and instructional practice to determine how to support the child in school, at home, and in the community.

[Core Competencies: Youth Growth & Development, Strength Based Model for Instructional Design](#)

Presenter: Charlyn Henderson, Professional Learning Specialist, Scholastic Education
Room: Prairies V

Walk, Listen, and Learn with The Walking Classroom

Introduces afterschool coordinators and staff to programs that kids will enjoy and that their participants can benefit from physically, mentally, emotionally, and academically.

[Core Competencies: Youth Growth & Development, and Youth, Family, School, Partnerships](#)

Presenter: Dave Yoder, Walking Classroom
Room: Great Lakes IV

Helping Students Set & Achieve Goals

Encounter a model that helps students connect with their passion and understand the difference between process, performance, and outcome goals.

[Core Competencies: Learning Environment & Youth Engagement](#)

Presenters: Ritch Hochstetler, Chief of Ideation Trailblazer ULEAD & Kailey Paszko, ULEAD
Room: Prairies VI
